FIRST FRIDAY at SOUTHERN TIER HEALTHLINK NY

“Nature and Landscapes”
Paintings by Rita Eddy
Friday, August 6, 2010

Please join us at **Southern Tier HealthLink** for First Friday on August, 6, 6-9 p.m. We will be featuring vibrant watercolor, pastel, and acrylic scenes by local artist Rita Eddy. Rita is a lifetime resident of Susquehanna County in Northeastern Pennsylvania and always had an interest in art. When she started taking art classes in the early 1980's she saw the true colors and beauty of the area come to life in her paintings. Starting out in watercolors she has branched out into pastels and acrylics. Her favorite subject matter includes landscapes, flowers and historical buildings.

Rita also has a growing interest in digital photography, and often uses her photos to create paintings and to illustrate note cards. Her work is displayed in local businesses and gift shops throughout the Southern Tier.

This first Friday event provides **Southern Tier HealthLink** with the opportunity to introduce itself to individual members of the community, and to provide information on how we are working to improve the community's health care.

We have plenty of parking, or you can take a trip on the BC Transit Trolley to our location.

We look forward to seeing you!
